Collection Discovery in Library Search. Collection discovery will be the new home for inactive Bond University journals, the image gallery and selected rich media research datasets from January 2019.

Epublications@Bond repository content relocations | Bond

A government bond or sovereign bond is a bond issued by a national government, generally with a promise to pay periodic interest payments and to repay the face value on the maturity date. Government bonds are usually denominated in the country's own currency, in which case the government cannot be forced to default, although it may choose to do so. If a government is close to default on its ...

Government bond - Wikipedia

Etymology. In English, the word "bond" relates to the etymology of "bind". In the sense "instrument binding one to pay a sum to another", use of the word "bond" dates from at least the 1590s. Issuance. Bonds are issued by public authorities, credit institutions, companies and supranational institutions in the primary markets. The most common process for issuing bonds is through underwriting.
