I've been answering difficult questions about my PhD thesis all day to prepare for my viva on Monday. I thought I'd post a few of them up here because they offer a handy FAQ and, I think, dispel of a few myths about what my research was about. In one sentence what is my thesis? I sought to identify why an attitude and a behaviour were adopted by participants in an online community in ...

Basic Networking Tutorial - a network is any collection of independent computers that communicate with one another over a shared network medium. A computer network is a collection of two or more connected computers. When these computers are joined in a network, people can share files and peripherals such as modems, printers, tape backup drives, or CD-ROM drives.
