

designing together the collaboration pdf

This site aims to give you a better understanding about the collaborative process by combining the theories of collaboration models and design process. The site illustrates a structure that helps a designer to navigate through the collaborative project and manage it. It also helps you to decide which kind of collaboration you need for the different stages of the project.

1 Partners in Education A Dual Capacity-Building Framework for Familyâ€“School Partnerships My vision for family engagement is ambitiousâ€“ I want to have too many parents demanding excellence in their schools. I want all parents to be real partners in education with their childrenâ€™s teachers, from cradle to career.

My vision for family engagement is ambitiousâ€“ - SEDL

The AEC (Architecture, Engineering, Construction) industry and the related processes employed during planning, designing, building, manufacturing, occupying, maintenance, as well as the demolition of facilities all involve data and information that is used for a wide variety of purposes during the project lifecycle.
