Commitment and accountability. Awareness. The foundation of any kind of commitment to web accessibility is awareness of the issues. Most web developers are not opposed to the concept of making the internet accessible to people with disabilities.

### **WebAIM: Introduction to Web Accessibility**

I've always liked to imagine (and calculate) what might happen if other things happen (or don't), like some sort of all encompassing, world-wide board game where one event causes a cascade of other actions and those actions perpetuate further actions... the ultimate "butterfly flaps its wings" sort of thing.

Racism is the belief in the superiority of one race over another, which often results in discrimination and prejudice towards people based on their race or ethnicity. The use of the term "racism" does not easily fall under a single definition. The ideology underlying racism often includes the idea that humans can be subdivided into distinct groups that are different due to their social behavior ...
