

introduction to logic paul pdf

I hope that the addition of an integrated history track running from the beginning to the end of the book adds realism, gives a personal touch, and makes it a little more fun to teach as well as to learn logic. In this text, the history of logic is not confined to occasional sidebars; it is built into the content.

Introduction to Logic - PDF Books Download

Logic will be valuable to anyone interested in sharpening their logical and analytical skills and particularly to any undergraduate who needs a patient and comprehensible introduction to what can otherwise be a daunting subject. Paul Tomassi is a lecturer in Philosophy at the University of Aberdeen.
