The Korean language (South Korean: 한국어 / Hangeul; North Korean: 조선말 / Chosŏnmal) is an East Asian language spoken by about 80 million people. It is a member of the Koreanic language family and is the official and national language of both Korea: North Korea and South Korea, with different standardized official forms used in each territory.

Korean language - Wikipedia

A language family is a group of languages related through descent from a common ancestral language or parental language, called the proto-language of that family. The term "family" reflects the tree model of language origination in historical linguistics, which makes use of a metaphor comparing languages to people in a biological family tree, or in a subsequent modification, to species in a ...
