International humanitarian law (IHL) is the law that regulates the conduct of war (jus in bello). It is that branch of international law which seeks to limit the effects of armed conflict by protecting persons who are not participating in hostilities, and by restricting and regulating the means and methods of warfare available to combatants.. IHL is inspired by considerations of humanity and ...

Gun laws in Australia are mainly the jurisdiction of Australian states and territories, with the importation of

guns regulated by the federal government. In the last two decades of the 20th century, following several high-profile killing sprees, the federal government coordinated more restrictive firearms legislation with all state governments.
