Leading Change by John P. Kotter - Metrication

The Future of Nursing explores how nurses' roles, responsibilities, and education should change significantly to meet the increased demand for care that will be created by health care reform and to advance improvements in America's increasingly complex health system.. At more than 3 million in number, nurses make up the single largest segment of the health care work force.

Digital success isn't all about technology: The 2015 Digital Business Global Executive Study and Research Project by MIT Sloan Management Review and Deloitte identifies strategy as the key driver in the digital arena. Companies that avoid risk-taking are unlikely to thrive and likely to lose talent, as employees across all age groups want to work for businesses committed to digital progress.

Strategy, not Technology, Drives Digital Transformation

Organizations Can't Change If Leaders Can't Change with Them

In mythology, folklore and speculative fiction, shapeshifting is the ability of a being or creature to transform its physical form or shape. This is usually achieved through an inherent ability of a mythological creature, divine intervention or the use of magic. The idea of shapeshifting is present in the oldest forms of totemism and shamanism, as well as the oldest extant literature and epic ...
