Purpose and Goals of the Standards. The following standards were developed by the Racial and Ethnic Diversity Committee of ACRL (Association of College & Research Libraries), based on the 2001 National Association of Social Workers Standards for Cultural Competence in Social Work Practice. 1 The standards are intended to emphasize the need and obligation to serve and advocate for racial and ...

Diversity Standards: Cultural Competency for Academic

A library is a collection of sources of information and similar resources, made accessible to a defined community for reference or borrowing. It provides physical or digital access to material, and may be a physical building or room, or a virtual space, or both. A library's collection can include books, periodicals, newspapers, manuscripts, films, maps, prints, documents, microform, CDs ...

In the figures, the solid shaded borders in each code page indicate hexadecimal numbers. A code page can be defined as a table with a mapping of alphanumeric code and its binary representation. Figure 1 shows several code pages for different languages and platforms. In the figure, for code page 1252, the letter 'K' can be represented as a binary '01001011' (or '4B' in hex notation).

Ayurvedic medicine (also called Ayurveda) is one of the world's oldest medical systems. It originated in India more than 3,000 years ago and remains one of the country's traditional health care systems. Its concepts about health and disease promote the use of herbal compounds, special diets, and other unique health practices.
