MANAGEMENT ACCOUNTING STRATEGIC MANAGEMENT

Accounting or accountancy is the measurement, processing, and communication of financial information about economic entities such as businesses and corporations. The modern field was established by the Italian mathematician Luca Pacioli in 1494. Accounting, which has been called the "language of business", measures the results of an organization's economic activities and conveys this ...

Financial Management and Accounting for the Construction

Management (or managing) is the administration of an organization, whether it is a business, a not-for-profit organization, or government body. Management includes the activities of setting the strategy of an organization and coordinating the efforts of its employees (or of volunteers) to accomplish its objectives through the application of available resources, such as financial, natural ...

In our discussion of APV and the example above, we contemplated a single round of financing that took place in multiple stages (i.e. an initial investment by the VC in Year 0 followed by another investment in Year 1). When a single round is so structured, the VC considers funds committed to all stages fully invested at time $t=0$, and discounts future free cash flows with a hurdle rate that ...
