State of the art acoustics and signal processing. Signal Systems Corporation is a small business with a strong capability in signal processing and active noise control.

### **Signal Systems Corporation**

Environmental noise is the accumulation of all noise present in a specified environment. The principal sources of environmental noise are surface motor vehicles, aircraft, trains and industrial sources. These noise sources expose millions of people to noise pollution that creates not only annoyance, but also significant health consequences such as elevated incidence of hearing loss and ...
